### **WORK – Why did you choose to do an apprenticeship?**

I chose to do an apprenticeship because I wanted to progress in my career.

When I saw that the company was offering this great opportunity, I knew it was the perfect chance for me to learn and develop.

### **WIN – What advice would you give to someone considering starting an apprenticeship?**

My advice would be to go for it! Take the opportunity, put in the work, and trust the process. Both the company and the apprenticeship provider are incredibly supportive, making sure you have everything you need to succeed. If Rank is offering this opportunity of a fantastic way to learn, grow, and advance in your career why not take it?

### **GROW – What did you gain from completing your apprenticeship?**

Through my apprenticeship, I gained confidence, valuable knowledge, and both professional and personal development. It provided me with a solid foundation for further learning and growth. The skills and knowledge I acquired have directly helped me in my day-to-day work, making me more effective and confident in my role.
